Cellguard Liquid Bovine Tracheal Cartilage

Cellguard is manufactured by Australia's only specialist cartilage manufacturer, The Australian Cartilage Company.

It's use as a health supplement has been discussed in several books and publications written by health care professionals.

Cellguard is a concentrated natural source of bio available glycosaminoglycans derived from bovine tracheal cartilage.

Mixes easily with your favourite juice.

Refrigerate after opening.

Shake well before use.

3 x 200ml Bottles = 600ml

Bottle Material: PET Plastic

Always read the label. Use only as directed.

If symptoms persist see your doctor/healthcare professional.

When you want the best - It has to be Cellguard

The Australian Cartilage Company (ACC) invented Liquid Bovine Tracheal Cartilage (LBTC) in 1995 and is recognised as unrivalled pioneers and industry leaders in cartilage liquefaction technology.

ACC's Quality LBTC is Unmatched as they are:

1. The only company who has **worked with Australia's leading research institutions** for over 17yrs to develop the best possible product.Â
2. The only manufacturer of liquid cartilage who hasÂ **worked with Dr John Prudden, America's famous cartilage reseach scientist.**
3. The only cartilage company who has **been recognised by the Australian Government** for product innovation and research commitment.
4. The only cartilage manufacturing company who is a sponsor and **member of theÂ Matrix Biology Society of Australia and New Zealand.**
5. The only cartilage manufacturing company who owns their **own GMP manufacturing plant and Quality Control laboratories.**

When you purchase Liquid Bovine Tracheal Cartilage manufactured by [The Australian Cartilage Company](#) you can have the utmost confidence in the knowledge that **unlike copycat products**Â you'll receive a product with the following credentials:Â

1. **Verified Biologically Active**
2. **Verified History of Research and Development**
3. **Verified Total Concentration of Glycosaminoglycans**
4. **Verified GMP Quality Control Standards**
5. **Verified 100% Australian Owned and Operated**
6. **Verified 100% Made in Australia from 100% Australian BSE free pharmaceutical grade bovine tracheal cartilage**

ACC is proud to be the **No1 supplier ofÂ concentrated liquid cartilage**Â to Australia's health care practitioner networks and naturopath clinics.
